EDUCATION

M.Tech (Software Engineering) Vellore Institute of Technology

07/2016 - Present

Chennai, 8.12 CGPA

Courses

- Machine Learning
- Database Management
- Advanced Data Structure and Algorithm
- Big Data Technologies
- NLP
- Deep Learning
- Operating System
- Blockchain

Higher Secondary Certificate Government Higher Secondary School

06/2014 - 04/2016

84.25 Percentage

Secondary School Leaving Certificate Government Higher Secondary School

06/2013 - 04/2014

91.2 Percentage

PROJECTS

Alcohol detection with Blockchain

- It is IoT and Blockchain-based project and helps to avoid drunk and drive while driving vehicles. It keeps on monitoring the alcohol content values and it alerts the owner and transaction maintained with hyperledger. If the alcohol content is maximum fine amount redeems from FastTag and every time will increase the fine amount.

Hate speech identification of multilingual Tweets

- This project used the Global vector and Multilingual BERT and Multi-class classification Model approaches to identifying which tweet is offensive or not offensive for codemix tweets.

Predicting the best app in play store using machine learning algorithm and NLP .

- I used Google Play-store data set to predict best app and useful. I used sentiment analysis in user's comment's under NLP concepts. I used machine learning concepts to predict most used app and based on their rating under they likes category.

WORK EXPERIENCE

Full Stack Developer Internship Pline Technologies Pvt.limited

05/2020 - 02/2021

Cybersecurity Internship A2B2 IT Services Private limited

06/2020 - 08/2020

SKILLS

Python

C++

Java

HTML

React JS

C#

MangoDB

NodeJs

MySQL

Docker

NLP

Data Analyst

GraphQL

Bootstrap

Ripple

Data Science

Data Analyst

ACHIEVEMENTS

I got first price at French International language.

It is a french language related innovation. I have been developed a website with audio and English script pronunciation.

Workshop on IOT (Internet Of Things), IIT Madras

I design circuit board for Home Automation with all the facility and sensors.

Workshop on Machine Learning at Kaggle, VIT Chennai.

I learned data extraction from datasets and data manipulation, visualization, simulation.

VOLUNTEER EXPERIENCE

Placement Student Coordinator (07/2019 - Present)

To managing students queries'

CERTIFICATES

Packet Tracer - Cisco

Machine Learning and Artificial Intelligence - SkillsUp

Advanced Google Analytics - Google

LANGUAGES

English
